ZINC PLATE

Recycled (Single Plate) Post (RC001)

Standard recycled plastic post comes as standard with printed/matt laminated composite alloy plate (recessed into position).

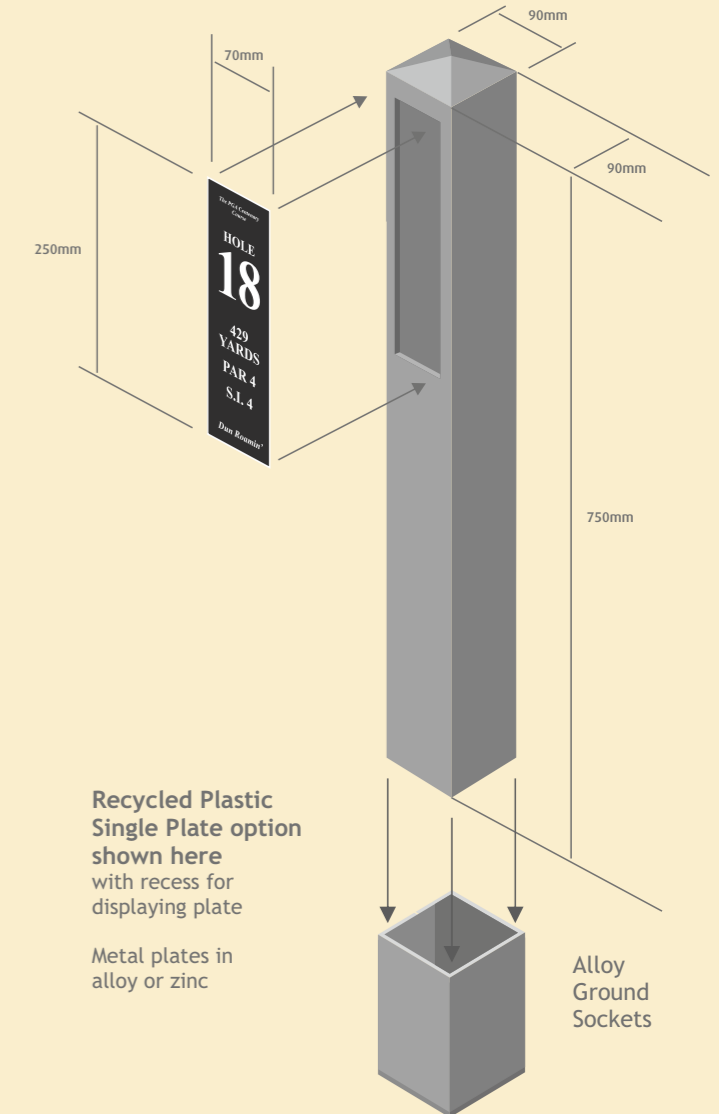

Post is 750mm high x 90mm x 90mm.

Standard product includes 1-part post sleeve.

Bespoke etched zinc plates are available if you would like to add a little more quality to the post, ask for details.

Due to the ever-increasing importance to recycle & protect the environment, our recycled lumber is made from 100% recycled plastic. With the assistance of our suppliers it is our aim to help look after the environment by utilising a commodity, which people would otherwise just throw away, and so turn what to some would be rubbish into a valuable product.

SINGLE PLATE

Canterbury (Single Plate) Post (HW003)

Slimline hardwood post comes as standard with printed/matt laminated composite alloy plate (recessed into position).

Post is 750mm high x 120mm x 70mm.

Standard product includes 2-part post sleeve, which elevates the timber above ground level in order to improve life expectancy.

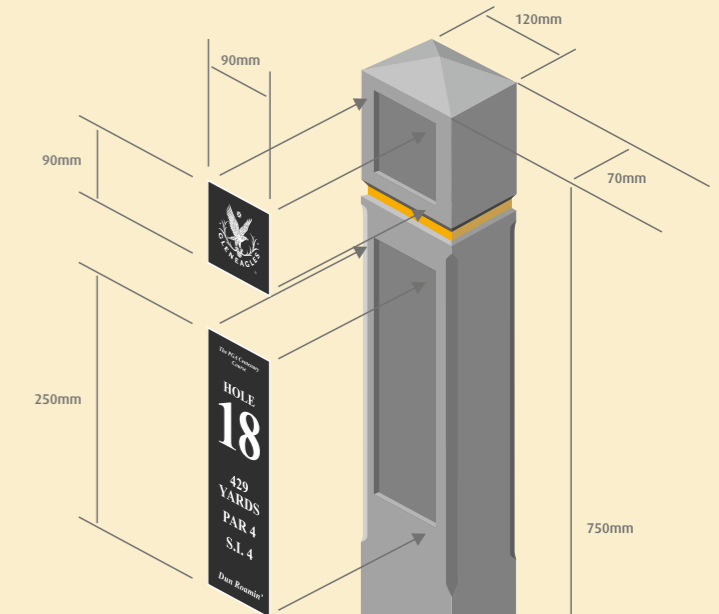

The coloured band around the top of the post is an optional extra.

Bespoke etched zinc plates are available if you would like to add even more elegance to the post, ask for details.

Alternatively take the product to a whole new level by investing in a cast bronze plate, ask for details.

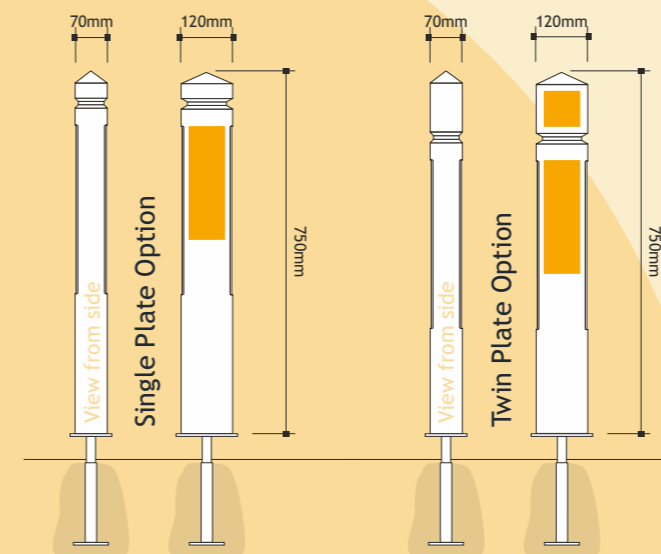

Colour Recess available on either option (ask for detail)

Hardwood Twin Plate option shown here with recesses for displaying plates

Metal plates in zinc, alloy or bronze
