## Recycled Plastic Twin Post Tee Sign

### Do your bit for our environment....

Recycled Plastic structure with all text and graphics produced in UV stabilised ink-jet format on aluminium.

Available with a Square or Peaked top in the standard product. With a panel width of 600mm. Other sizes available on request.

Recycled Plastic posts and cross rails with a flat aluminium panel. Graphics are produced using UV stabilised ink jet format.

This superb tee sign is again very popular for use on large sponsorship packages.

Although mainly developed for its environmentally friendly appeal, this tee sign is also a very attractive option in its own right, projecting quality.

The product is very low-maintenance

## Hardwood Twin Post Tee Sign

### Our flagship timber product for 20 years....

Manufactured in quality hardwoods such as Iroko, a very stable and natural option for exploring your timber projects.

Available with a Square, Peaked, Arched or Sunrise top, with a panel width of 600mm. Other sizes available on request.

Hardwood posts and cross rails with a flat aluminium panel. Graphics are produced using UV stabilised ink jet format.

This superb tee sign is again very popular for use on large sponsorship packages.

Unlike the Accoya product, our hardwoods are coated with an Osmo oil system. Arguably a slightly more natural look than the Accoya/Teknos finish.

The timber will need re-coating regularly in order to keep the surface looking at its very best.

Standard Timber posts and cross rails with panel fully housed

Eco Style Panels simply sit between posts with no cross rails

## Granite Twin Post Tee Sign

### Exclusive appearance and durability...

Bringing granite and Accoya® wood together, this product has exceptional durability without sacrificing look and feel.

Available with a Square, Peaked, Arched or Sunrise top, with a panel width of 600mm. Other sizes available on request.

Accoya® posts and cross rails with an engraved granite panel. Graphics are hand painted using enamel paints.

A high quality tee sign option.

Finished with a high quality Teknos coating system, provides 10 to 12 years of maintenance free performance for the timber.

This combined with the unrivalled natural stability and strength of the granite panelling.

## The Totem Tee Sign Range

### Introducing the NEW Totem Tee Sign range

Ken White Signs have launched a new Totem style Golf Tee Signage range. Developing a unique product like no other currently in the marketplace.

There are two alternative core styles which you can choose from; The Kensington and The Clarence.

Within these two core styles, feel free to explore the full range of our possibilities for use of different material types and styles.

Think

The Kensington Totem Tee Sign

The Clarence Totem Tee Sign

Multi-layers can be used to display different information

Graphics engraved and filled

Stone Base for timber version to minimise water ingress

Colour coded flat aluminium plate with returns for fitting into recess
